

## HomeTown Programming Basic Service

Please Complete the Attached order Form on Page 2 Below

---

### What is HomeTown Programming?

We program the following three levels public safe agencies into your scanner: (per-county)

**Local Level** - All of the cities and towns local Police, Fire, EMS.

**County Level** - Sheriff and County Fire

**State Level** - Highway Patrol/State Police

### Programming made as easy as 1,2,3!

Step 1 - Fill out order form

Step 2 - Pack up your scanner and ship it to us

### **Ship to:**

Scanner Master Corp  
ATTN: Programming Department  
260 Hopping Brook Road  
Holliston, MA 01746

### **SHIPPING NOTE:**

Please **ONLY** send just the scanner, we do not need antennas, power cables, ect.

Generally we program Police/Sheriff/Highway Patrol, Fire and EMS unless otherwise requested. Programming generally takes one to two weeks as we often have many radios to program at one time. Special requests may incur an additional fee.

### **Note before you ship your scanner**

If you have a new scanner or if your local public safety agencies have switched their radio systems to a trunking or digital type, or they have "rebanding", please check [policescanners.net](http://policescanners.net) first or call us 1-800-SCANNER or e-mail us at and let us know the exact model scanner that you have along with your city, county and state. It's important that you have confirmed that we can update and program your scanner for the police and fire radio systems in your area.
